CA FFA Greeting:

Hello California FFA, my name is Kayla Zalesny and I am currently serving as your State Treasurer. I come from the sunny central coast home of the Nipomo FFA chapter. I am honored to serve the organization that has shaped me into the individual I am today. I cannot wait to cultivate relationships and build connections with the members of California FFA. I hope to see you all soon!

FFA Biography & Timeline:

I enrolled in my first Agricultural Science class the beginning of my freshman year and have been heavily involved in FFA since! I have thoroughly enjoyed learning about the agricultural industry and the importance it plays within our society. Through participating in LDE's such as Creed Recitation and Prepared Public Speaking, to tasting countless amounts of cheese and chocolate milk with my Milk Quality and Dairy Foods CDE, I have learned to appreciate the value within not only FFA, but the Agricultural Industry.
