Agriculture Education
CDE/LDE: Creed Speaking
Job Interview
Citrus Judging
Land Judging
Career Goal: Ornamental Horticulture

CA FFA Greeting:

Hi California FFA, I am Lindsey Swall and I am honored to have been elected as the 2019-2020 State FFA Secretary. I am so excited to spend the next year learning more about the members of our association, and California agriculture! I look forward to sharing the passion for agriculture my family's farm has instilled in me, and experiencing the impact of the FFA Organization statewide.

FFA Biography & Timeline:

During my time as a student in Tulare FFA, I was able to explore my interests in plant science, public speaking, and production agriculture. My freshman year I placed 2nd in the State Creed Speaking contest, which was the catalyst to my involvement at not only the chapter level, but state and national as well. I have also been on judging and speaking teams, as well as my chapter and regional officer teams. My experiences in the FFA are the reason why I am now a plant science major at Fresno State!
