CA FFA Greeting:

Hello California FFA! My name is Reagan Dahle, homegrown in the Superior Region, hailing from the Big Valley Chapter. This year I have the great honor of serving as your California FFA Vice President. Throughout our year together I look forward to fostering relationships, listening to your stories and together, working to advocate for agriculture across the Golden State of California.

FFA Biography & Timeline:

Growing up on a farm it made sense for me to enroll in an Agriculture class my freshman year and join the Future Farmers of America. Going into my sophomore year I was elected to chapter office and from there my love for leadership and people grew. I went on to serve as a two-time Regional Officer, a National Delegate, and a Committee Chair. The FFA has combined my love for agriculture and passion for people. I pray that I will leave a lasting impact.
