Favorite FFA Memories: *Some of my most vivid memories come from early morning car rides to competitions, striking conversations with complete strangers at conferences, late night study sessions with teams, and laughing a ton. FFA enabled me to connect with peers that I wouldn't have been able to otherwise, and I'm grateful for the experiences it has given me.*

Future Plans: *In the Fall of 2021, I will be attending California State University, Chico to major in Agriculture Sciences and Education, eventually becoming an ag teacher. I hope to continue my role in shaping the industry and students for years to come.*

Message: *This year has been a joy. It's not anything that we could have predicted, but I'm grateful for the ways in which we've come together to maximize experiences for all. I'm stoked to continue to meet my fellow members in California FFA and learn more about an industry that puts food on our tables. When I'm not reppin blue and gold, you can catch me chillin in a hammock reading a book, jamming out to some music, cocooned in blankets napping, searching for a new place to adventure, or chatting it up with friends. I'm looking forward to creating more wonderful memories throughout my time in this blue jacket.*
